The STCCS package is in its final stage of implementation after the Government of Maharashtra signed a Memorandum of Understanding (MoU) with the Government of India and National Bank for Agriculture and Rural Development (NABARD). However, the Government of Maharashtra, while responding to the draft revival package of Long Term Cooperative Credit Structures (LTCCS), had suggested certain deviations as detailed below:

The period for raising the Ratio of Capital to Risk Weighted Assets from 7% to 9% be fixed at five years instead of three years.

The criteria that 'the Agriculture and Rural Development Banks (ARDBs) should have average yearly transaction size of at least 10% of Balance Sheet size in three years ending 31 March, 2007' be dropped.

The eligibility criteria for direct capitalization of ARDBs should be spelt out only after the issue of loan waiver is settled.

The provision that 'the ARDBs for which liquidation orders have been issued by the State Government before signing the MoU should not be covered under the Package' be dropped.

LTCCS Package has now been finalised. The Government of India and the State Governments concerned have reached an agreement on the content of the package to' implement the Vaidyanathan Committee's report on reviving the LTCCS.
